

1. Select the template to suit the size and colour of your intended design.

2. Select whether you require

- Plate with print
- Plate with print and frame
- Print only

(Removable clear self-adhesive vinyl ready to apply to a reflective blank plate)

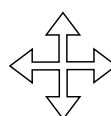

3. Type your message in the 'Add Text' section.

4. Click 'Apply Custom Text.'

- Adjust your text by putting line breaks in the 'Add Text' section to achieve the amount of lines to best suit your design layout.
- The preview sign text can be scaled by dragging the arrowed corners

- The text can be moved by dragging the text.

5. To add another text block:

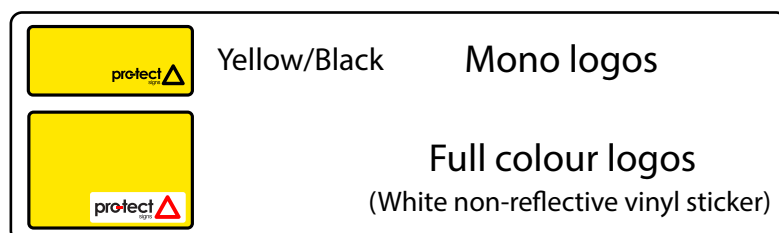

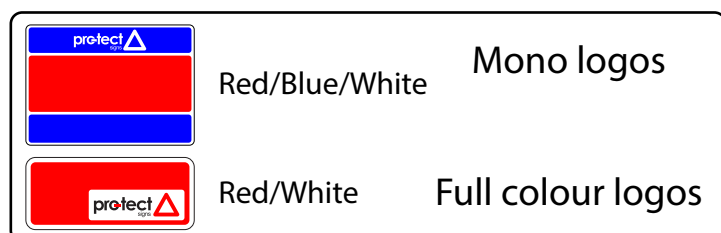

- Click 'Apply Custom Text' again to create a duplicate text block.
- Deselect the preview sign text by clicking on the sign border and type a new message in the 'Add Text' section, then 'Apply Custom Text.'
- Text blocks can be adjusted separately.

Tip 'Snap to Position' function enables easy text alignment

6. The 'Upload Image' feature allows images to be uploaded into the 'Upload Image' section.

- Select uploaded image to insert on to preview sign.
- The image can be adjusted - please refer to item 4.
- This process can be repeated.
- Select mono or full colour (Mono logos should be black or very dark for yellow/black signs.)

Any image, logo or photo can be added in full colour or mono.

7. Check and adjust your 'Quantity'

8. Click 'Add'

- Either 'View Cart' to check your order or click 'Checkout' and follow the instructions to complete your order.
